

**Articulation Agreement between State University of New York College at Potsdam
and
Schenectady County Community College**

Objective

To provide an opportunity for those qualified students at Schenectady County Community College (SCCC) who wish to pursue a B.A. in Computer Science degree with an Information Systems concentration offered at SUNY Potsdam to enter SUNY Potsdam as juniors and complete the B.A. in two years of full-time study.

Terms of the Agreement

Published standards of admission to State University of New York at Potsdam apply.

SUNY Potsdam agrees to accept for transfer into the B.A. in Potsdam, credits for the courses listed below. SCCC courses with earned grades of “C” or higher in major courses or “D” or higher in non-major courses will transfer. SCCC students who complete courses listed below with grades of C or D or higher; and who attain a combined grade point average (GPA) of 2.5 will be automatically admitted into the SUNY Potsdam’s Computer Science program with an Information Systems concentration. Students who complete fifty seven or more semester hours of credit will achieve junior status.

This agreement will be reviewed at least once every two years. It can be re-negotiated at the request of either institution, especially if there is substantial change in relevant curricula at either institution.

This agreement covers courses taken at SCCC only. If a student from SCCC has credits on his/her transcript from other 2-year or 4-year institutions, the published SUNY Potsdam’s rules for accepting transfer credit from those institutions will apply to those credits.

If a student from SCCC wishes to transfer without having completed all of the courses in this Agreement, s/he is assured that the identified equivalent courses with grades of “C” or better will transfer.
